

CLASS 42-COMMUNITY CHALLENGE

A: MITTEN CHALLENGE

1. The Orangeville Agricultural Society challenges all fairgoers to knit or crochet mittens in either children or adult sizes.
2. All entries will be donated to local community services for distribution to those in need.
3. You may use the following pattern or your own pattern.
4. You may also enter as many as you wish, however, only 1 pair may be submitted to be judged for competition.

Please indicate the item to be judged.

Mittens: Prize: 1st \$15; 2nd \$10; 3rd \$5 Len's Mills Gift Certificates

B: CHEMO HAT- KNIT OR CROCHET

Prize: 1st \$10; 2nd \$7; 3rd \$5

Chemo hats are different from other hats. They are not designed to be worn over hair, so they fit differently. They are in direct contact with a sensitive scalp, so they must be smooth and soft. Consider hats decorated with removable accents such as knitted flowers, ribbons or pins.

Materials: Do not choose lacy, openwork patterns. When choosing yarn, choose fibres that can be washed without special care or instructions. Soft acrylic yarns are a good choice.

C: Incubator Quilt Challenge

Prize: 1st \$10; 2nd \$7; 3rd \$5

The Orangeville Agricultural Society challenges all fair exhibitors to create incubator quilts for infants at the local hospital.

You may make as many as you wish, however, only one will be judged for the competition.

Please use following guidelines in creating these quilts: Approx. size: 28" x 30"

Colour: Bright, cheerful children's prints & plains

Fabric: Cotton and/or flannelette

They may be hand or machine quilted

The Orangeville Agricultural Society Home Craft members wish to thank all who have made mittens, chemo hats and incubator quilts for the competition and donation over the past few years. The quilts and chemo hats are donated to the Headwaters Health Care Centre The mittens have been donated to any one of the following: Family Transition Place, Choices Youth Shelter, CAS
